

a³™ CeramicSteel Flow

Share ideas seamlessly with a thoughtfully designed, high-performance writing board.

a³ CeramicSteel Flow offers a framed, full-height writing system for limitless writing freedom in any space.

Collaborate Freely

The importance of collaboration has never been greater, but people need the right tools to capture their ideas. a³ CeramicSteel Flow is a framed, full-height writing system that brings limitless writing freedom to any workspace.

Think Vertically

With no vertical joint covers, this modular system is easy to install and configure, making it simple to integrate into any environment. From smaller spaces featuring two to three panels to large training areas with five or more panels, the ability to mount side by side means there's no limit to wall coverage.

The smooth glass-like surface serves as both a highly functional platform for boundless communication and a design feature to aesthetically enhance any environment. With a clear marker-to-whiteboard color contrast, a³ CeramicSteel offers readability not found with other surfaces. It's also magnetic, easy to clean and fully scratch resistant. In fact, it's so durable it has an expected life cycle exceeding 50 years.

White Gloss 6100 U

Ideas for Use

Leverage vertical wall space in all types of collaboration areas:

- Conference rooms
- Enclaves
- Design studios
- Private offices
- Classrooms
- Training spaces
