A BETTER SURFACE MEANS A BETTER EDUCATIONAL EXPERIENCE

Whiteboard Surfaces: High performance. Low maintenance.

Delivering long-lasting quality with environmental responsibility, PolyVision e³ CeramicSteel is the global choice for whiteboards and markerboards that provide a clean performance and great writing experience for years to come. A smooth surface and resistance to chemicals, scratching and wear ensures unbeatable durability, unmatched erasability and low maintenance throughout a lifetime of use.

Chalkboard Surfaces: Ecological. Durable.

PolyVision e³ CeramicSteel chalkboard surfaces combine an excellent erasability with wear resistance, durability and product lifetime warranty. Our smooth matte finish chalk surfaces will not leave annoying “ghost writing” and yield less chalk dust for a cleaner, healthier environment.

Get creative by adding permanent magnets, or have it delivered with colorful printed patterns, lines, logos or other graphics. Our chalkboard surfaces are a breeze to clean with wet or dry cloths.

Surface Options: The right surface for every need.

The PolyVision e³ CeramicSteel product line offers surface options to meet the precise needs of your environment and product use. For instance, you can specify a super-smooth high-gloss finish for superior dry-erase performance or opt for reduced-glare or low-gloss (matte) surfaces to showcase projected images with exceptional clarity.

Ask your PolyVision representative which e³ surface is right for you. Each one is made for life—and your specific needs.

Our eVision

Today it can be tough to fairly assess what constitutes environmental authenticity. Specifying Cradle to Cradle Certified^{CM} products ensures that PolyVision’s materials live up to the world’s toughest standards for human and environmental health.

PolyVision e³ CeramicSteel is safe and clean, contains no VOCs and is 99.9% recyclable.

Don’t forget, specifying PolyVision e³ CeramicSteel is a healthy business move.

Our surfaces will help you deliver competitive differentiation in the marketplace and meet the growing demand for green building practices. It leads the market in quality and sustainability—so you can, too!
