

Discover CeramicSteel at AIA '19

Date : 07/05/2019

A'19 Exhibitor

AIA Conference on Architecture 2019
Architecture Expo, June 6–7, Las Vegas

Beautiful, durable and versatile, architects and designers have incorporated CeramicSteel into designs from metro stations, tunnels to large scale art reproductions in hospitals, libraries and public spaces since 1954. Experience a³ CeramicSteel for yourself and discover why it is a key component for building better cities.

PolyVision will also be announcing an exciting new partnership that could transform how architects design for public spaces. Visit us at booth 8909 and learn how CeramicSteel can become the canvas for designs that last.

2019 AIA Conference on Architecture

June 6-7, 9:30 am – 5:00 pm

Las Vegas Convention Center

Booth #8909
